AFFORDABLE OLD-WORLD LUXURY

The elegance of a Scottish estate.
The ruggedness of a windswept landscape.
And an enduring value that inspires compliment
after compliment.

Highland Slate is performance on or off the rocky
bluffs of Scotland. It's natural, affordable protection –
from the ancient Highlands to a tree-lined neighborhood.

Highland Slate®

Like A Rock

Cut to a true craggy profile, Highland Slate has the look, texture and tone of natural slate with a dark shadow line to accentuate its appeal from the curb. Each tab is individually colored by state of the art Precision Color technology to provide a rich, deep, hue and its four-across tab is the ideal design to deliver color, contrast, and perfection when mounted.

A Perfect Storm

Wind, rain, snow, ice – this slate-like shingle performs at its best when the weather is at its worst. Highland Slate is rated where the winds howl – 110 mph – and it carries a full wind-resistance warranty.

Plus, the Impact Resistant version protects against the impact of hail and ice with a shingle that's among the best in the industry.

Suit of Armor

The weave, pattern and fleck of natural slate is in the essence of the character that Highland Slate brings to your roof. With eight premium color blends, Highland Slate is a smooth finish to rugged protection.

Everyday Majesty

Beauty. Value. Protection.

And a lifetime limited transferable warranty against manufacturing defects on residential applications. Protect yourself against the elements with the old-world affordable luxury of Highland Slate.

Integrity Roof System™

A systems approach combines high-performance components – underlayments, shingles, accessory products and ventilation – to make the Integrity Roof System a complete roofing solution. When you choose an Integrity Roof System, you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components.

WinterGuard®

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams in vulnerable areas.

Roofers' Select® or DiamondDeck®

High-performance underlayment provides a protective water-resistant layer over the roof deck and a secondary barrier against leaks.

Starter Shingles

Starter shingles are designed to work specifically with each different type of CertainTeed shingle for maximum performance.

CertainTeed Shingles

High quality shingles available in a wide variety of styles and colors, covered by the strongest warranty in the business.

Flat Roofs

Flintlastic roofing products are available for flat roof areas.

Hip & Ridge Caps

Accessory shingles are used to finish the hips and ridges of the roof and are designed to complement the appearance of CertainTeed shingles.

CertainTeed Ridge Vents

CertainTeed Ridge Vents combined with sufficient intake vents, such as CertainTeed Intake Vents, are the most effective ventilation system.

easy selection

Add a little accent to your roof.

Cedar Crest®

Cedar Crest hip and ridge accessories feature blended colors and an upgraded medium profile with two full layers of premium materials for a striking dimensional appearance that coordinates with Highland Slate shingles.

Shangle Ridge

For a stylish finishing touch to hips and ridges, choose Shangle Ridge hip and ridge accessories. Shangle Ridge is designed specifically to complement Highland Slate shingles.

Color Companion Products™

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in eight colors that match some of the most popular CertainTeed shingles. Ask your contractor for more information.

NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.

Your home is a reflection of your lifestyle.

From the way your furniture complements your wall colors to the way your roofline interacts with the landscaping.
