landmark™ TL triple laminate**

YOUR HOME DESERVES THE TRIPLE CROWN.

Three laminated layers of the industry's most durable materials, providing a dramatically thick roofing product styled with the classic appeal of wood shakes.

Landmark TL is the triple performance shake that has the hand-split look of cedar and the durable dimension of tri-laminate technology.

landmark TL shakes it up

the new american landscape

See it for yourself. The thickness that gives Landmark TL unmatched durability also ensures a stunning natural appearance. Like a real wood shake, it's truly dimensional in shape, with distinct butted edges and long-lasting curb appeal.

triple-play construction

TL is triple-layer, the secret behind beauty with performance. Landmark TL features three laminated layers of the industry's strongest materials to produce a thick, dimensional shake that endures, commanding attention wherever it goes.

the look of wood (minus the worry)

Landmark TL costs a fraction of natural wood shakes, but the benefits don't end there. Unlike wood, it won't rot or decay, and it offers excellent wind and fire resistance. Plus, with StreakFighter™ (available in most areas), it will protect your roof from the streaking caused by airborne algae.

Landmark TL. Don't just choose it for the triple-layer durability, originality, or even the cost advantages. Choose it for the power of its position... high above all the rest.

WinterGuard™

Waterproofing underlayment prevents leaks caused by ice dams and wind-driven rain in the vulnerable areas.

Roofers' Select™

High-performance underlayment is a secondary barrier against leaks for the entire roof.

Shingles and Accessories

High-quality shingles are covered by one of the best warranties in the business. Accessory products - starter course, and hip and ridge cap shingles - complete your roof from start to finish.

Ventilation

Proper attic ventilation improves air circulation. Air Vent, Inc. ventilation products are recommended for use in connection with the Integrity Roof System.

Enjoy the extra confidence of SureStart™ Protection

Your Landmark TL warranty is strong on its own. But, you also get the added confidence of SureStart protection. That simply means if any problem due to a manufacturing defect occurs within the first 10 years, call us. Upon inspection, we'll cover labor and material replacement costs at 100%.

tips for selecting a roof

1. Think big – View a full-sized shingle, not just a swatch or sample.
2. Be real – Look at actual houses where the house and roof color combinations are similar to what you're considering.
3. Watch the light – As you look, notice how colors appear under changing light conditions and at various times of day.
4. Consider the pitch – Look for roofs with a similar pitch to your own. A roof's pitch affects the way you see its color.
5. Ask your contractor – They might be able to point you to a home where they've installed a roof of your style and color.
